Restore Revenue Now

Your top priority is keeping your revenue stream alive. The primary goal of this project is speed. We're offering a quick, basic solution to get you up and running with an ecommerce store. You can always update your design, branding, or pages later. Our goal is to get you able to sell your products and services as fast as possible with tools to fulfill them via shipping, pickup, or delivery.

Our current capacity should allow us to launch your site in 1-2 days from the time we receive the necessary information from your end.

What We Need From You

We will need the following to launch your site:

- Logo
- Spreadsheet of your products (we will provide you the format needed) with Name, Description, SKU, Pricing, etc.
- Product Pictures
- Minimal content for your homepage and about page
- Payment and shipping API keys (you'll sign up for these)

*If you can't provide pictures of every product, we can use placeholders

Extras

If you'd like us to add in some extra features, we can do that too:

- Source product images: $100 per 10 products
- Source product descriptions: $100 per 10 products
- Resize images: $100 per 15 images
- Custom training (1 hr): $150
- Custom payment or shipping: $150-$500 (as needed)

We provide a full range of design, development, and marketing services as well. We can always talk about that later once your revenue stream is back.
